## Berkeley Innovation Forum India (2022) Taking the Rebuilding India Initiative Forward

*presiding over the meeting:*  
Dr. Rajiv Kumar, Chairman, Berkeley Innovation Forum, India  
*program director:*  
Prof. Solomon Darwin, Executive Director, Berkeley-Haas

**Hon. Shri. Dr. Rajiv Kumar**

**Prof. Solomon Darwin**

### Forum Objectives

The invited CEOs, Government Officers and Heads of the elite global firms are expected to engage to form more efferent partnerships and ecosystems to take the Rebuilding India Initiatives forward. The value propositions expressed by each of your firms at our inaugural meeting in 2020 are attached in a white paper. Our goal at this forum is to create a collaborative action plan for each of the three initiatives involving all key stakeholders:

- 1) Make India a global manufacturing hub on par with China,
- 2) Empower 600 million aspirational youth via digital platforms through accelerated talent and skill development,
- 3) Bring Rural People Online via Digital Platforms to Speedup Trade, Save Time & Eliminating middlemen & cost redundancies.

The participants in each of the above three initiatives will identify and address the bottlenecks and the weakest links in the system to formulate solutions through collaborative engagement. Win-win strategies will be developed to benefit all stakeholders within the ecosystems where needed.

The role of each Chair will be to engage with their group in matchmaking among ecosystem players to develop a rough action plan for their initiative. The OILF team will document to follow up on action plans agreed upon by each of the three groups. The Initiative will be orchestrated by Berkeley-NITI Aayog Advisory Council to shepherd the process over the next five years.

### Day 1: March 25 (4pm – 9:30pm)

#### Welcome Dinner at The Lodhi Hotel

Address - Lodhi Rd, CGO Complex, Pragati Vihar, New Delhi, 110003

Transport will be arranged for those staying at JW Marriott Aero City

Link - <https://g.co/kgs/f6qtH8>

**Pre-Event:** Networking afternoon for introductions, mingling activities, and welcome dinner. The objective is to create an environment for bonding, immersion, and matchmaking. This is to set the stage for open innovation dialogues for the next day to formulate actions plans for the three initiatives.
